EXECUTIVE SUMMARY

- **[The Sunday Times \(page 1\)](#)** reports that Health Minister Mark Butler is considering providing Australians access to new and better-targeted COVID vaccines, following a meeting on Friday by the Australian Technical Advisory Group on Immunisation (ATAGI).
- **[The Sunday Herald Sun \(page 9\)](#)** reports that new data from Monash University's Victorian injury surveillance unit shows dog attacks in Victoria have increased for the fifth year in a row, with Victorian emergency departments having treated over 15,600 patients for dog bites between July 2017 and June 2022.
- **[The Sunday Mail Brisbane \(page 6\)](#)** reports that the Royal Brisbane and Women's Hospital (RBWH) has defended its bone marrow transplant protocols following a patient death after contracting a fungal infection. RBWH cancer care services executive director Glen Kennedy said the infection was not connected to the outbreak at the Prince Charles Hospital.

MINISTER BUTLER

Stronger COVID vax is on its way

Sunday Times, General News, 19/11/2023, John Flint, Page 1

Australians might get access to new and better targeted COVID vaccines within days. The Australian Technical Advisory Group on Immunisation (ATAGI) is set to advise Health Minister Mark Butler if he should approve the booster jab available in the United States and Europe.

Where a trip to the dentist will hurt your wallet the most

Sun Herald, General News, 19/11/2023, Natassia Chrysanthos, Page 6

Australians are paying an average of \$230 for a standard check-up and clean at the dentist or up to \$300 when they visit a new clinic as consumers continue to pay the bulk of the country's dental costs. [...] The health department's submission to the inquiry said "a significant proportion of costs for dental services are borne by individuals, therefore access to services is likely to be impacted by the rising cost of living".
