## EXECUTIVE SUMMARY

- **[The Australian](#)** (page 1) leads coverage reporting that a meeting with state and territory leaders will take place today to address hospital funding and the aged care crisis. This follows a new Grattan Institute report estimating \$1.2 billion is being wasted annually in hospitals due to avoidable inefficiencies, with a Health Department spokesman saying some of the recommendations are “being discussed in the context of the new NHRA”, however most are directed to the states and territories. *Also reported by:* [The Courier Mail](#), [ABC Online](#)
- **[The Herald Sun](#)** (page 2) reports that the Centre for Research Excellence in Cervical Cancer Control confirmed that national cervical cancer rates continue to fall, with survival rates improving and in 2021, there were no cases diagnosed in women under age 25. Assistant Health Minister Rebecca White said the government is determined to eliminate cervical cancer by 2035. *Also reported by:* [The Daily Telegraph](#)
- **[The Australian](#)** (page 7) reports that faith leaders and organisations have urged NSW to allow faith-based aged care providers to refuse facilitating euthanasia, stating amendment to VAD laws will give patients and providers “freedom to choose”.
- **[The Adelaide Advertiser](#)** (page 7) reports that more than 300 schools in SA and other states have reported cases of kinetic sand containing asbestos, leading to closures, decontamination and calls for a federal inquiry. *Also reported by:* [The Canberra Times](#), [The Hobart Mercury](#)

- **The Hobart Mercury** (page 9) reports that Tasmanian scientists are leading an \$8.9 million national project that uses AI to improve the country's bioaerosol pollen monitoring network and prevent thunderstorm asthma amid changing climate.
- **The Northern Territory News** (page 8) reports that a recent survey of defence families in Darwin showed many are planning move before or when they get pregnant due to limited care options and negative experiences.
- **The Daily Telegraph** (online) reports that health experts have called for a national response after Maternal Immunisation in Australia data showed that vaccination rates are falling, with pregnant women and newborns at risk as cases of whooping cough and measles rise.
- **National Indigenous Times** (online) reports that SNAICC chief executive Catherine Liddle said the Thriving Kids reforms could be a "generational change" for Indigenous children who are often disproportionately represented in vulnerability and disability statistics.

## MINISTER BUTLER

### States, territories unite for hospital funding battle

The Australian, General News, 19/11/2025, Penny Timms, Page 1

State and territory leaders will hold urgent discussions on Wednesday to form a "united front" in their fight with the federal government over public hospital funding. [...] Federal Health Minister Mark Butler referred questions to his department.

### A population that ages well eases the strain on the health budget

The Australian, Other, 18/11/2025, Andy Hill

We are at a critical moment in our nation's health story. Almost five million Australians are aged 65 years or over and two-thirds of the population are living with at least one chronic disease – which is only exacerbated as we age.

[Read More](#)

### Use more super and savings to fund aged care, business says

The Australian, Other, 18/11/2025, Stephen Lunn

Better-off older Australians will need to reach deeper into their super or savings to fund their aged care, business says. And government should work with industry to develop new funding options to facilitate this, in order to make aged-care funding more sustainable as the nation's population ages, according to the Business Council of Australia.

## **ABS confirms dementia as leading cause of death**

Nursing Review, Other, 18/11/2025

Dementia has surpassed heart disease as the leading cause of death throughout Australia, according to the Australian Bureau of Statistics (ABS). In 2024, over 17,500 deaths were from dementia, including Alzheimer's disease, which accounted for 9.4 per cent of all deaths nationwide.

[Read More](#)

## **'We need to act now on brain health'**

Royal Australian College of General Practitioners, Other, 18/11/2025

A GP with a special interest in dementia says it is time for brain health to be monitored as routinely as heart health, as the disease's toll is driven upwards by an ageing Australian population and modifiable risk factors. Dementia, including Alzheimer's disease, has overtaken ischaemic heart disease as the nation's leading cause of death, according to data released this week by the Australian Bureau of Statistics (ABS).

## ABC, ABC News, 18/11/2025, Greg Jennett and Jeremy Fernandez

PM Anthony Albanese has written to the states and territories, telling them to control their public hospital spending growth if they want the Commonwealth to pick up a greater share of costs. Meantime, the states called on the Commonwealth to lift its funding share to 42.5% by the end of the decade, as agreed to two years ago. WA Premier Roger Cook, Tasmanian Health Minister Bridget Archer, and SA Health Minister Chris Picton comment on the issue.

[Play Now](#)

## Channel 9, Nine News, 18/11/2025, Michael Thomson

An emergency meeting of National Cabinet has been called, with states and territories preparing joint demands including hospital funding and extra aged care beds. This comes as more than 3,700 patients currently in hospital beds are waiting for aged care or NDIS placements.

Also reported by: [Channel 9 \(Brisbane\)](#), [Channel 9 \(Sydney\)](#).

[Play Now](#)

## Channel 9, Nine News, 18/11/2025, Brenton Ragless

Health and disability support workers will receive pay rises of up to 44% over three years, following an enterprise agreement with SA Government. The deal brings wages in line with award rates at the federal level and we'll see Sunday penalty rates of up to 200%. SA Premier Peter Malinauskas says health and disability support are critical functions that deserve recognition, not just through words but through decent wages and conditions.

[Play Now](#)

## ABC Sunshine Coast, Mornings, 18/11/2025, Sarah Howells

Queensland Health Minister Tim Nicholls says there are around 1000 patients in the state who are in need of care, despite not needing to stay in hospitals. He notes 837 of them are elderly who are predominantly waiting for aged care homes, while around 250 younger patients have been waiting for NDIS package.
