EXECUTIVE SUMMARY

- The [Sunday Mail Brisbane](#) (page 1) reports that Queensland medical researchers say questionable funding decisions by the Australian Research Council, National Health and Medical Research Council and Medical Research Future Fund are starving their disciplines of vital support. Leading researchers wrote an open letter to Minister for Health Mark Butler, NDIS Minister Jenny McAllister and Aged Care Minister Sam Rae in March calling for more funds to be released from the MRFF. *Also reported by:* [Sunday Telegraph](#), [Sunday Mail Adelaide](#), [Sunday Herald Sun](#), [Sunday Tasmanian](#), [Sunday Mail Brisbane](#)
- The [Sun Herald](#) (page 1) reports that psychologists say the increasing incidence of mental health issues in young children is exacerbated by adults' well-meaning instinct to solve young people's problems for them. *Also reported by:* [Sunday Age](#), [Sun Herald](#)
- The [Sun Herald](#) (page 1) reports experts are calling for a unified national framework for genetic testing for common prostate cancers. *Also reported by:* [Sunday Age](#)
- The [Sunday Times](#) (page 3) reports Murdoch University research suggests that health education campaigns to warn young people of the dangers of vaping – such as the Department of Health's recent *Why Are We Still Doing This?* campaign – are largely ineffective at changing behaviours.

- The [Sun Herald](#) (page 5) reports that the Federal Government's free RSV vaccination program will include every Australian aged 75 and over and Aboriginal and Torres Strait Islander people aged 60 and over from next month. Minister for Health Mark Butler urged eligible Australians "to protect themselves and their community this winter by getting vaccinated against RSV." *Also reported by: [Sunday Times](#), [Daily Mail](#)*
- The [Sunday Mail Adelaide](#) (page 5) reports that Angaston District Hospital's emergency department has no on-site doctors for three days a week after the Local Health Network cut ties with two locums over patient care concerns.
- The [Sunday Times](#) (page 9) reports that Ramsay Health Care has accepted a coroner's finding that the death of 21-month-old Sandipan Dhar at Joondalup Health Campus emergency department in 2024 was preventable with proper care. *Also reported by: [WA Today](#).*

MINISTER BUTLER

Elderly to receive free RSV shot

Sun Herald, General News, 19/04/2026, Mike Foley, Page 5

Free vaccinations for respiratory syncytial virus (RSV) will be available to older Australians from next month, amid concerns about people catching the potentially serious virus from their grandchildren or in aged care. [...] "I encourage eligible Australians to protect themselves and their community this winter by getting vaccinated against RSV," federal Health Minister Mark Butler said.

Also reported by: [Sydney Morning Herald \(Online\)](#), [The Age \(Online\)](#), [Brisbane Times \(Online\)](#), [WA Today \(Online\)](#).

Free access to potentially life-saving jab for seniors

Daily Mail Australia, Other, 19/04/2026, John Kidman

RSV jabs are being made free for older Australians. The respiratory syncytial virus vaccinations will be available without charge to people 75 and older to ensure protection from the common and potentially deadly pathogen. [...] "Aged care residents and older First Nations people are particularly vulnerable to this common respiratory illness," Health Minister Mark Butler said.
